

Spiders

We have 8 legs,
have 8-12 eyes,
We are a creature
that most people despise,

If you if you don't like mosquitos
Call us for the job,
We will spin a web to
take care of the prob

We just want to be friends,
We don't want to bite,
If were feeling scared,
We may have to fight

We would love people,
If they would love us back,
Now please don't kill us,
And treat us like your pet
