Sunnybrook Preserve  
Streambank Stabilization & Riparian Restoration Project  
Design-Build Services  
Request for Qualifications**

Sealed qualification statements will be received by the office of the Director-Secretary of the Board of Park Commissioners of GEAUGA PARK DISTRICT, 9160 Robinson Road, Chardon, Ohio 44024-9148 until **2:00pm** local time on **October 31<sup>st</sup>, 2019**, for the Sunnybrook Preserve – Streambank Stabilization & Riparian Restoration Design-Build Project, Request for Qualifications.

Geauga Park District ("Owner") is seeking a design-builder to provide professional design and construction services for the Sunnybrook Streambank Stabilization and Riparian Restoration project located in the 73-acre Sunnybrook Preserve (12474 Heath Road in Chester Township, OH) to restore stream, floodplain, and wetland habitat to improve water quality and habitat quality for a Coldwater tributary (Sunnybrook) to the East Branch of the Chagrin River.

Restoration of Sunnybrook will restore in-stream and riparian habitat, alleviate sediment loading, and protect the quality of downstream habitat through enhanced in-stream and riparian cover and reducing the sedimentation caused by the eroding streambanks.

The Design-Builder will be responsible for all design, permitting, and construction activity necessary to complete the project.

The RFQ with additional specifications and requirements for the project can be obtained at the office of the Board or at the Park Districts website [www.geaugaparkdistrict.org](http://www.geaugaparkdistrict.org)

The Board reserves the right to reject any and all qualifications and waive any informalities. The Board also reserves the right to hold all statements of qualifications for 60 days after the submittal date, even if not accepted or rejected.
