Beaver Creek Restoration Project  
Design-Build Services  
Request for Qualifications**

Sealed qualification statements will be received by the office of the Director-Secretary of the Board of Park Commissioners of GEAUGA PARK DISTRICT, 9160 Robinson Road, Chardon, Ohio 44024-9148 until **2:00pm** local time on **March 20, 2020**, for the Beaver Creek Restoration Project, Request for Qualifications.

Geauga Park District ("Owner") is seeking a design-builder to provide professional design and construction services for the Beaver Creek Restoration project located in the 618-acre Bass Lake Preserve (11445 Lakeview Road in Munson Township, OH) to restore a natural channel flow, floodplain, and wetland habitat to improve water quality and habitat quality for Bass Lake and the Chagrin River Watershed.

Restoration of Beaver Creek will restore and expand floodplain for natural connectivity and create wetlands for increased amphibian and reptile habitat, enhance riparian areas along the creek as well as reduce sediment loading and streambank erosion.

The Design-Builder will be responsible for all design, permitting, and construction activity necessary to complete the project.

The RFQ with additional specifications and requirements for the project can be obtained at the office of the Board or at the Park Districts website [www.geaugaparkdistrict.org](http://www.geaugaparkdistrict.org)

The Board reserves the right to reject any and all qualifications and waive any informalities. The Board also reserves the right to hold all statements of qualifications for 60 days after the submittal date, even if not accepted or rejected.
