Caterpillar contemplated
In chrysalis confined,
Imaginal cells imagined well
Though in dark prison cell, no sun shined.

Wondering, waiting,
Wishing, waiting,
Wondering, wishing,
waiting, waiting...

‘Til wondrous day, wall wasted away -
Light of day! Fear held at bay,
Push, press, against duress,
Compressed, stressed, still pressed.

‘Til flutter, flutter, butterfly,
Freedom finally found!
Wonderful, wishful wings whisked away,
Wonder-filled wishes abound!
