

Full map of The Maple Highlands Trail is available at www.geaugaparkdistrict.org/park/the-maple-highlands-trail

Welcome to the Covered Bridge GEO Trail

Complete the puzzle and form below, then send a scan or photo of your completed passport (all written pages) to Trevor at twearstler@geaugaparkdistrict.org to claim your GEO Coin!

Word Scramble Puzzle Clue:

Alternate name for area founded three years after the state of Ohio

Word Scramble Puzzle Answer:

Word Scramble Puzzle Answer:

Name: _____

Address: _____

City/State/Zip: _____

Email: _____

Username on geocaching.com (if applicable): _____

My Earned GEO Coin Code: _____

What is a "trackable"?
Trackables are physical game pieces that move from geocache to geocache, ideally within two weeks. Activate your GEO Coin's code at www.geocaching.com/track to create your trackable coin's details page. Then give your trackable coin a goal and drop it into a geocache to send it on its way. You will be notified every time another geocacher logs it!

Once verified, you can pick up your trackable coin (limit one per person) at The West Woods Nature Center. You can then activate your coin using the cache details in your confirmation email.

On this passport, unscramble the codes to solve the puzzle on the back, and submit your completed passport to earn a limited edition trackable GEO Coin!

write with when you go, then record all the cache names and codes on this passport, unscramble the codes to solve the puzzle on the back, and submit your completed passport to earn a limited edition trackable GEO Coin!

Nineteen geocaches have been spread along the trail and within these parks, each containing a code. To find their coordinates, visit www.geocache.com or www.geaugaparkdistrict.org under Activities, then Geocaching. Remember to bring something to write with when you go, then record all the cache names and codes on this passport, unscramble the codes to solve the puzzle on the back, and submit your completed passport to earn a limited edition trackable GEO Coin!

Our GEO Trail covers more than 11 miles of The Maple Highlands Trail, a portion that also connects to three other parks: Mountain Run Station, Clardon Woodlands and Headwaters Park.
